

# Jakub Faryś

President of the Polish Automotive Industry Association. Entire professional life tied with the automotive industry. He started his career at Renault, then he was the director of sales and marketing at the exclusive importer of SAAB. Continuation of his work in the automotive industry was managing the marketing department at Scania Polska SA. In 2002 he became director of the Association of Official Car Importers, the organization of the NGO sector, that since then has become the largest Polish automotive industry employers' organization associating manufacturers of motor vehicles, motorcycles, mopeds and motorized four-wheelers, as well as manufacturers of vehicle bodies, trailers, semi-trailers, parts or components of motor vehicles for original assembly in Poland.

Since 2008, as a president of the organization transformed into Polish Automotive Industry Association (PZPM), he supports activities for the development and promotion of Polish automotive sector. As the head of PZPM, Jakub Faryś is involved in the work of the governmental and the parliamentary committees; provides the most relevant opinions on draft legal acts concerning the automotive industry. Representing the interests of member companies in the organs the European Union - including the European Parliament and the European Commission - he has been nominated by the Ministry of Economy as one of the governmental expert of automotive sector to participate in the work of the High Level Group - CARS 21 and CARS 2020. Regularly participates in the meetings of European industry organizations - ACEA (European Automobile Manufacturers Association) and ACEM (European Motorcycle

Manufacturers Association), where represents the voice of Polish automotive industry. Jakub Faryś, continuously present in the media is the author of many publications in economic and automotive industry; commentator of industry's issues and its environment.

## Polish Automotive Industry Association

Polish Automotive Industry Association is the biggest Polish organization of automotive industry employers. PZPM associate 57 companies; representatives of producers and manufacturers of vehicles: buses, trucks, cars, motorcycles, mopeds and body manufacturers in Poland.

Polish Automotive Industry Association represents interests of associated companies vis-à-vis public authorities, regulatory bodies and other NGO organizations.

Sharing common opinion that the automotive industry is “the engine of national economy”, Polish Automotive Industry Association initiates legislative procedures and gives its opinion on legal acts and regulations due to develop, improve and promote national automotive sector.

As a member of ACEA (the European Automobile Manufacturers Association), ACEM (The Motorcycle Industry in Europe) and CLCCR (International Association of the Body and Trailer Building Industry), PZPM is represented to the EU Institutions in Brussels and Strasbourg.

Polish Automotive Industry Association works in partnership with other national and overseas organizations due to create joint platform of cooperation and integration of the automotive industry key players.

In 2004, we - as a SOIS Automotive Association became a member of ACEA, an organization associating thirteen European automobile manufacturers as well as 21 organizations representing the automotive sector in the European Union Member States.

In 2006 PZPM became a member of ACEM - the European Association of Motorcycle Manufacturers, is the trade association that represents manufacturers of powered-two and three-wheelers as well as quadricycles (L-category vehicles) in Europe.

In 2015 - PZPM became a member of CLCCR - International Association of the Body and Trailer Building Industry. Organization that advocates the various interests of trailer manufacturers and body builders, functioning as an international forum, through which its members discuss issues of common interest and develop mutual positions.

We are acting for 25 years!

We operate in a changing political and economic environment - however - always maintaining apolitical character and professionalism. The biggest advantages of our organization are the credibility, efficiency and stability. We strive for the development of the association and the strengthening of its position, to keep our voice representative for the entire industry. Through active membership in the European professional organizations we carry out activities at the European level. PZPM is a professional, experienced and ambitious team - always at its members disposal.
